Overseas Operations Office

From: American Battle Monuments Commission (ABMC), Overseas Operations Office, Department of Contracting, Paris, France.

Subject: RFP Amendment # 74330226R000800001, Request for Proposals (RFP), Indefinite Delivery Indefinite Quantity (IDIQ) contract for the procurement of Carrara Marble Headstones *Bianco Carrara “C” first choice.*

Date: 25 November 2025

The purpose of this RFP amendment is to answer Bidders’ questions and clarify RFP Instructions.

1. What is the average quantity of headstones required per order?

Answer: ABMC’s estimated needs are 900 Carrara Marble headstones per year. This number may be divided between multiple vendors and/or multiple orders. The ABMC reserves the right to award multiple IDIQs to different contractors, therefore we cannot estimate the number of headstones per order.

2. Could you please send us a photo of the existing and approved Carrara marble headstones so we can better understand the required quality?

Answer: Please see the photographs in the attachments. However, we highly recommend that interested bidders attend the pre-proposal conference on the 3rd of December to observe a real size perfect example of an acceptable Carrara headstone.

3. Will ABMC consider making payment after headstones have been inspected and approved at the contractor’s facility/factory?

Answer: ABMC will make payments after headstones have been delivered to one of its sites (Meuse-Argonne or Oise-Aisne American cemeteries in France). Please refer to Statement of Work.

4. Who is responsible for handling the shipments?

Answer: Contractor is responsible for producing, packing and shipping headstones. Please refer to the Statement of Work, “Details of the Service” for more information.
